SPRING MEDICINE

The thing most desired of a Spring Medicine is thorough purification of the blood. With this work of cleansing going on there is complete renovation of every part of your system. Not only is the corrupt blood made fresh, bright and lively, but the stomach also responds in better digestion, its readiness for food at proper times gives sharp appetite, the kidneys and liver properly perform their allotted functions, and there is, in short, new brain, nerve, montal and digestive strength. Hood's Sarsaparilla possesses the peculiar qualities -peculiar to itself-which accomplish

these good r things for all who take it. An unlimited list of wonderful cures provesits merit. The following is as good as a thousand. Its clear, positive statements, and the high character of the man who gives it, must convince every one of the value and merit of Hood's Sarsaparilla.

nold is one of the most widely known clergymen in the Methodist denomination. For 52 years he has been preaching, and he is now enjoying a well earned rest in his pleasant home at 208 Vestal avenue, Binghamton, N.Y. Read his letter:

"Binghamton, N. Y., Dec. 10, 1899 "C. I. Hood & Co., Lowell, Mass. # Gentlemen: I can most heartily recommend Hood's Sarsanarilla. When living in Nebraska I broke down with a rever. Sores or boils broke out on me from ribs down to my feet. Physicians treated me, and the gatherings were opened, discharging large quantities of matter.

followed and I was in a terrible state. I soon returned East, as a great opidemic of fever in that country hid very many low. I called old physicians but did not pick up under the syrups and medicines which they prescribed. By recommendation I was led to try Hood's Sarsaparilla. I bought three bottles and they benefited me. Instead of continuing I called another doctor who for a

spell treated me. By this time the humor had developed into two

when his medicine had been taken. So again I bought a half dozen Hood's and continued with it until I was cured. I must have used two or three dozen bottles. It cared me perfectly and I have not

had a symptom of scrofuls since. "I think highly of Hood's Pills; always carry them in my vest pocket. I use them whenever I feel a little disturbed in my stomach when my food don't digest just right. They are splendid, and I never am troubled with a headache, I can truly state that I have found your medicines to be good, and am pleased to recommend them. "Sincerely yours, C. V. ARNOLD."

After reading the above letter, you must believe that Hood's Sarsaparilla is a good medicine. Try it this spring. You need it. Buy a bottle to-day. You can get it of any druggist. Remember, Hood's is the only kind which is Peculiar to Itself.
